Charging Cases & Cradles

KPCC (Protective Charging Case)

Elevate your smartphone's security and power with KPCC Protective Charging Cases. These cases not only shield your smartphone but also enable charging through charging cradle via pogo pins or USB-C port. Optionally, an included hand strap adds an extra layer of safety, reducing the risk of damage from accidental drops or falls. Available for Samsung Galaxy XCover7 and Apple iPhone 15 series.

KBCC (Charging Case w/ Extended Battery)

Stay charged anywhere with the KBCC Charging Case and Extended Battery. The KBCC incorporates a 5,000 mAh Extended Battery pack to ensure enduring power, even during the most demanding days. Enjoy lasting power and easy charging with built-in LED indicators and pogo pins or USB-C port. Available for Samsung Galaxy XCover7 and Apple iPhone 15 series.

KPCC/KBCC Charging Cradles

KOAMTAC Charging Cradles for KPCC and KBCC Charging Cases offer a convenient and secure solution for charging your devices. Available in 1-slot, 2-slot, and 10-slot* configurations, these cradles are designed to accommodate teams of any size. Equipped with 15W fast charging support, they ensure efficient simultaneous charging for both devices and batteries, while their secure fit and pogo pin technology minimize wear on device ports.

Our cradle solutions seamlessly scale with your business needs though the use of a spacer system. Upgrading to KDC1000/1100 SmartSled scanners for data collections is effortless with our Charging Cradles, showcasing our commitment to future-proof solutions and reducing electronic waste.

*10-slot configuration subject to size limitations based on host device and companions choice. Contact us for more information.
