

Charging Cradles

for Samsung Galaxy XCover6 Pro

A Fast and Easy Way to Charge Your Galaxy XCover6 Pro

KOAMTAC Charging Cradles for the Samsung Galaxy XCover6 Pro are the easiest and most secure way to keep your devices charged. The cradles can be assembled in multiple configurations depending on your unique needs, such as additional charging slots for spare XCover batteries or more phones.

Charging Cradles

for Samsung Galaxy XCover6 Pro

Well-equipped

Charging Cradles for Samsung Galaxy XCover6 Pro feature 15W fast charging and LED indicators for easy monitoring. Enhanced security features include temperature detection to prevent overheating, with waterspout protection against water damage. Adaptive charging maximizes efficiency and battery life.

Versatile

The cradles are available in 1-slot, 2-slot, 5-slot, and 10-slot configurations, with additional models featuring XCover6 Pro Smartcase compatibility. All cradles support simultaneous charging for XCover phones and batteries, where applicable.

Secure & Convenient

The XCover6 Pro fits securely into the cradle and charges via pogo pins, resulting in less wear-and-tear on device ports.

Upgradable & Future-proof

Using a versatile spacer system, your investment stays secure even with the release of the next generation Galaxy phone. When upgrading to new smartphones, just replace the spacers, not the whole charging solution, reflecting our commitment to reducing electronic and plastic waste.

Charging Cradle Details

LED Indicator

OFF: Power Off, Ready to charge

Green: Fully charged

Orange: Charging

Blinking Orange: No spacer

Blinking Red: Charging error

Blinking Green & Red: Ready for firmware upgrade (1-Slot only)
